YANK SAILORS ARE RELEASED BY MEXICANS

Leonard and Martin Freed By Authorities at Mazatlan.

WASHINGTON GETS WORD.

Negotiations Carried On By American Embassy Are Successful.

WASHINGTON, Dec. 24.—Unofficial advice reached Washington today that H. V. Leonard and H. O. Martin, two American sailors who were under arrest by Mexican authorities at Mazatlan, have been released following negotiations carried on by the American embassy in Mexico City. The state department was without official advice.

The bureau of operations of the navy department which is in touch with Mexico and has followed the case has received no information of the release of the men, and officials were inclined to believe that the bureau would have been informed if the men had been released.

The two men were arrested for an alleged assault on a Mexican and according to advice to the state department their arrest was proper. They were held in prison for a long time, however, without being tried and the state department advised the American embassy at Mexico City to demand that quick action be taken on their case.

Secretary Daniels protested to the state department against the holding of the men without trial and under conditions which were unsanitary and uncomfortable.

The state department expects expedition in the trial of the men, but does not attempt to secure immunity for them from punishment if the charges are proven.

C. V. Beatty is Chosen Member of Sinking Commission, While Appointee as Mayor's Clerk is Also Announced—New Officials Will Assume Duties Jan. 1.

Mayor J. S. Wilson today announced the appointment of his new cabinet and other officers of his administration for the 1920-21 term.

Here are the appointees:
Director of Public Service—E. J. SMITH, Republican.
Director of Public Safety—ATTORNEY G. L. BROKAW, Republican.
Mayor's Clerk—FRANK R. O'HANLON, Republican.
Trustee of Sinking Fund—C. V. BEATTY, Democrat.

The cabinet of Mayor Wilson for his second term in office will be unchanged. "I can see no reason for making any change," Mayor Wilson said today. "Both Mr. Smith and Attorney Brokaw filled their respective offices in a very capable manner. To make any readjustment at this time would only serve to disrupt the new administration."

Mr. O'Hanlon, new clerk to the mayor, succeeds Perry L. Rigby, city solicitor-elect. He filled a temporary vacancy in the office caused by the departure of Mr. Rigby for the army during the world war.

Board Appointments Not Made

C. V. Beatty, new trustee of the sinking fund, succeeds F. P. Williams, Democrat. The remainder of the body will remain unaltered.

Street Commissioner Brady Larcombe will retain his position under Mayor Wilson's second administration. Mr. Larcombe withdrew his resignation tendered Mayor Wilson a few weeks ago.

No steps will be taken to readjust the personnel of the department of public health pending the disposition of the proposed new Hughes health act, Mayor Wilson said.

Appointment of a new member on the library commission to fill the vacancy caused by the resignation of Rev. W. W. MacEwan will be made at an early date.

New appointees and incoming city officials will be formally sworn into office and assume their duties January 1.

J. H. BURGESS, VET JUSTICE AND EX-MAYOR WED 50 YEARS

Served In Civil War; Was Guard Over Jeff Davis.

PIONEER RESIDENT

Elected Chief Executive Four Times—Honored By Democrats and Republicans.

Justice John H. Burgess, aged 76, four times mayor of East Liverpool—twice on the Democratic and twice on the Republican ticket—Civil war veteran and pioneer citizen of this city, will celebrate his fiftieth wedding anniversary Monday evening, Dec. 29.

Members of the family have issued invitations for a reception to be given in the Moose temple, Fourth and Washington streets. A dinner will be served at 6 o'clock.

Justice Burgess was born in England in 1843. He moved with his parents to this country in 1849 and in July of that year they settled in the village of East Liverpool with a population of 600. The elder Burgess engaged in the sale of the products of the local potteries, making regular trips along the river to Cincinnati and occasionally going down to New Orleans. Justice Burgess accompanied his father on a trip to New Orleans in 1861, a few months before the breaking out of hostilities between the north and south.

Early in 1863, young Burgess, accompanied by the late Joseph Peterson, William Burton and Thomas G. Thompson, ran away to Pittsburgh and enlisted in the Third Pennsylvania artillery. They served in the same unit during the remainder of the war. Soon after the surrender of Lee, Mr. Burgess was stationed at Fortress Monroe, Va., and was assigned to duty as a guard over Jeff Davis, president of the Confederacy.

HARRY NEW'S MOTHER BY HIS SIDE DURING HIS TRIAL IN LOS ANGELES

Harry New, Jr., his mother, Miss Lillie M. Berger, and Judge G. W. Craig.

Mrs. Lillie M. Berger, the mother of Harry S. New, Jr., who is being tried at Los Angeles for the murder of his sweetheart, Miss Freda Leaser, is constantly in the courtroom during his trial. New says he shot his sweetheart because she was about to become a mother and would not marry him. The prosecution contends that he shot the girl because, after having betrayed her, he did not wish to marry her. Superior Judge Gavin W. Craig is presiding at the trial.

STRENGTHENED NEW'S PLEA OF INSANITY

Prosecution's Star Witness in Murder Trial at Los Angeles Is Discredited—Five Alienists to Testify.

LOS ANGELES, Dec. 24.—Counsel for Harry S. New, Jr., offering deposition after deposition interspersed with witnesses amassed further strength for the insanity plea as a defense for the murder by New of his sweetheart, Freda Leaser, when the trial was resumed before Judge Craig today.

With the prosecution's star witness discredited, New's attorneys went into court today confident of offering final proof of their client's irresponsibility. Their heavy web of congenital insanity superinduced and provoked by the constant and depressing circumstances of his illegitimate birth, is unassailable by the state, Lecompte Davis, chief counsel for New, today declared.

FRENCH 'TIGER' WILL RESIGN

Premier Clemenceau Will Quit Cabinet Within Three Weeks.

PARIS, Dec. 24.—Premier Clemenceau will resign within three weeks, giving way to a new government to succeed the "war and peace ministry" he announced in a speech to the chamber of deputies.

The presidential boom for the veteran statesman is growing and there is a widely held belief in political circles that he could succeed M. Poincare as president of the republic if he would consent to accept the office. The strength of the premier's political hold was indicated by the overwhelming majority in favor of the chamber of deputies resolution expressing confidence in the Clemenceau ministry on Tuesday.

acting general secretary, will have charge of the program. "Open House" will be observed at the "Y" New Year's day.

Christmas programs, with distribution of gifts for children, will be featured in most of the churches.

All the potteries of the East Liverpool district will be shut down over Christmas and New Year's day and possibly longer, owing to a shortage of gas. The outlook for the future, however, is bright and manufacturers plan to resume work just as soon as sufficient fuel for kiln firing is available.

Downtown mercantile establishments will be closed Christmas giving tired salesfolks a well deserved rest. Holiday buying records were shattered this year, merchants declare and the admonition, "shop early" was generally heeded.

MANY HURT IN "TREAT" RIOT

Fourteen Thousand New York Youngsters in "Santa Claus" Disorder.

NEW YORK, Dec. 24.—A great many New York youngsters—the exact number is not known—are suffering bruises and contusions today as a result of the "Santa Claus" riot at the 71st regiment armory last night when 14,000 boys and girls, many of them accompanied by their parents, stormed the Christmas treat where presents had been provided for only 7,000.

Two women fainted, 500 children were lost temporarily from their parents and it was not until police reserves arrived on the scene that order was restored.

But, despite their disappointment, the youngsters are not downhearted. Deputy Police Commissioner F. W. Wallace announced that all who held tickets for gifts and did not get them last night would receive them today at the respective police stations near which they live.

THREE JAILED AT MASSILLON

MASSILLON, Dec. 24.—Three men under arrest here charged with embezzling approximately \$1,100 from the American Railway Express Company. Following their arrest all three signed written confession admitting their guilt.

The men are: Walter Seathern, Howard Tisot and Clyde Cagle. Tisot and Cagle have not been employed at the express office for some time. Seathern was arrested while at work.

They are held pending arrival of U. S. marshals from Cleveland.

XMAS BONUSES IN WALL STREET

NEW YORK, Dec. 24.—A new record for Christmas bonuses to employees in Wall street was established this year and it was estimated today that \$25,000,000 had been given by banks, brokerage houses and other firms in money gifts and wage increases.

Two reasons were given for the great increase in Christmas bonuses this year: The high cost of living and the great prosperity of financial concerns. The custom is now extending to mercantile firms.

It is estimated that the average bonus was from 10 to 25 per cent of the year's salary although some prosperous brokerage houses paid as much as 100 per cent.

A big Christmas celebration was planned in Wall street at the close of the market this afternoon.

ITALIAN REGULARS IN GARRISON AT FIUME

LONDON, Dec. 24.—Troops of the regular Italian army are taking over the garrison at Fiume according to a Central News dispatch from Rome today. These troops will occupy the disputed city until its status as a free port is established, it was said. President Nitti, of Italy, is reported to have promised the followers of Gabriele D'Annunzio that he would prevent the separation of the city and adjoining country from Italy.

MAY CALL OFF STEEL STRIKE

Pittsburg Report Says Men Are Preparing to Break Away in Several Places From Leaders.

PITTSBURG, Pa., Dec. 24.—Elements among the steel strikers today were taking steps to have the walkout, which is now starting its fourth month, officially declared off.

Mutterings were being heard in steel towns, and it was said that in several places the men were preparing to break away from their leaders. In the upper Monongahela river district, where the shutdown was the most effective, it was reported that a tip had gone out to the strikers to get their old jobs back if possible. Some of the locals there are agitating for a convention to take a vote on calling off the strike.

the confederacy, who was confined in a cell for more than a year. Justice Burgess is the possessor of a letter from Davis, thanking him for his kindness during his confinement.

Returning to his old home here after his discharge from the army, Mr. Burgess engaged in the grocery business, forming a partnership with his sister, Mrs. A. V. Thompson. He continued in this business until 1890.

In 1882 prominent Democrats prevailed upon Mr. Burgess to become a candidate for mayor. He was elected by a large majority and was re-elected for the second term. In 1886, East Liverpool was incorporated as a city and at the end of his second term as Democratic mayor, Mr. Burgess decided to cast his lot with the Republican party. He ran for the same office on this ticket and was elected as before. He was re-elected by the Republicans in 1888.

In 1892, he was appointed sanitary policeman and served until 1909, when he was elected justice of the peace, an office he still holds.

Representatives of the operators in this district declare Dr. Garfield's price fixing order exempted coal contracted for before the order became effective. Coal not sold on previous contract will be priced on the new government basis.

WASHINGTON, Dec. 24.—Cost figures on coal are in the hands of most of the United States district attorneys. It was stated at the department of justice today. On the basis of these figures the district attorneys will determine what is a fair price for coal and bring charges of profiteering against those who make unfair charges.

The coal cost figures were sent out yesterday by Assistant General Ames and carried specific instructions that the 14 per cent increase in wages to the miners was not to be added to the fair price for coal to the public.

District attorneys will be given considerable discretion in determining fair prices.

standstill," said Wm. Z. Foster, secretary of the national committee which has the walkout in hand today, although he said he had no figures available as to the number of men still out.

"The plants are still badly crippled, mostly for common labor," he said. "I would estimate the steel production at about 50 per cent of normal."

Pueblo, Col., and Cleveland are the districts that are tied up the worst now, according to Foster. He said that the national committee would meet early in the new year, but there was no intention of calling off the strike.

At the offices of the Carnegie Steel company, which was the hardest hit by the strike, it was said that only one plant, at Bellaire, O., was still down. The last payroll of the company, it was said, was only about 1,000 names short of the normal payroll. "So far as we are concerned there is no strike," said one official. "Practically all of our men are back, although they entered plants in towns distant from where they were formerly employed."

CITY MAY LEVY INCOME TAXES

State Legislature Considers Giving Authority to Municipalities.

COLUMBUS, Dec. 24.—Authority for municipalities and townships to levy their own income taxes, may be one of the plans considered by the state legislature when it meets in January, and attempts to solve the income tax tangle once more.

The plan for such a tax, however, would require that the members of the state tax commission approve all taxes levied by the cities, in order to act as a check.

Besides the plan for a city income tax, it is also considered likely that there will be provisions for a small state income tax.

Five alienists who have examined New were on hand when court opened today prepared to testify that the defendant is insane, which insanity at times becomes pronounced, that he during stress of high emotion or adverse circumstances becomes unaccountable for his acts and does not realize between right and wrong. Newspaper reporters who have interviewed New and observed him for months, are also to complete the chain of evidence being formed about the mentality of the man to prove him insane.

This, the defense holds, will preclude any possibility of a first degree verdict for murder.

COASTING VICTIM'S CONDITION IMPROVED

Unless some unforeseen complication develops, John Coleman, seven-year-old son of Mr. and Mrs. Samuel Coleman of West Ninth street, who was injured in a coasting accident, Tuesday morning, will recover, it was stated by attendants at the East Liverpool City hospital, Wednesday noon. The lad's injuries consist of a fractured rib and a number of bruises about the head and body. It is not believed that he is internally hurt, hospital attendants said.

COUNTY NEWS

ROAD COMMITTEE AND COMMISSIONERS MEET

The road committee of the East Liverpool Chamber of Commerce, L. A. Thompson, chairman; Patrick McNiel, Thomas Sant, Frank Wehner and Frank Swaney, came to Lisbon Wednesday morning to meet with the commissioners of the Columbiana and Mahoning county to discuss the probability of having the East Liverpool-Youngstown road designated as an inter-county highway and later as a main market route. There is some question as to whether the road will run north through Middleton and Pine Lake or whether it will turn and go through Columbiana.

Middleton township was represented at the meeting by A. A. Galbreath, James Ashford, Ellsworth Baker, Jim Crawford, F. A. Dickey, Harry Williams, Harry Warrick.

It is believed that if this route, which goes through Calcutta, Clarksburg, Rogers, East Fairfield and Middleton, is made a main market route, state aid for its improvement can be secured. It is one of the most important market routes in the county.

PREPARE FOR
XMAS CHEER

In spite of the high cost of living, the 1919 Christmas holidays in Wellsville will be celebrated by happier hearts and more bounteous giving than characterized the day a year ago, when husbands, sons and sweethearts left home hearths to rid the world of Hun atrocities. With homes decorated with holly, wreaths and streamers of myriad colors, and the entire city blanketed in snow, the place presents a typical Christmas appearance.

Street cars between Wellsville and East Liverpool Wednesday morning were crowded to capacity by last minute shoppers. Hundreds of clerks in practically all local stores were kept busy during the day supplying the wants of Christmas givers.

In connection with the jammed stores, crowded street cars and busy streets, Chief of Police Neil Wednesday issued a warning to all persons to take every precaution to prevent pickpockets and petty thefts. In order to curtail the operations of the petty criminals Chief Neil and all members of the police force here will be on duty in the business district of the city during the greater part of the day. Night patrolmen will also walk their beats Wednesday.

These precautions, it is stated by police authorities, are being taken to prevent employees, paid Wednesday, from being involuntarily parted from their hard earned money. The American Sheet and Tin Plate plant, one of the largest industries in the city, paid its employees Wednesday morning, and many of the other smaller business concerns gave their employees their compensation to do their Christmas buying. In addition to their regular wages, a number of railroad employees will also receive back pay, amounting to large sums in some instances.

Practically all the churches will give Christmas programs Thursday evening. Children from the various Sunday schools will take part in programs of dialogues, recitations, songs and selections imbedding the Yuletide spirit.

McLean Funeral.

Funeral services were conducted over the body of the late John McLean at his home in Washington avenue. Rev. Howard G. Wilkinson, pastor of the First Presbyterian church, and Rev. Robert W. Ustick, pastor of the United Presbyterian church, officiated. Selections were rendered by the Imperial Male quartet. Interment was made in Spring Hill cemetery.

89 YEARS OLD, BUT SAYS
THERE IS A SANTA CLAUS

George P. Silvester, aged 89, Civil war veteran, has discovered there is a Santa Claus.

"They told me when a boy that there was no Santa Claus, but I know there is one," declared Silvester, when he left Wellsville Tuesday for Wheeling, W. Va., on his way to Marietta to spend the Christmas holidays with his daughter.

Silvester started to walk from Johnstown, Pa., to Marietta. He became exhausted at Pittsburgh and police there took up a collection and bought him a ticket to Steubenville.

On his arrival at Steubenville police took him to the city building, fed him and gave him a bed. When he awoke he found Santa had left him a new pair of shoes and money enough to take him to Wheeling. He declares he will never doubt Santa again.

RESULT OF BASKET BALL
GAME IN DOUBT

According to advices from East Palestine the result of the basketball game there between the girls of the local high school and the East Palestine sextet, is still a matter of conjecture.

According to an East Palestine critic, "the official scorer whose word is technically beyond dispute," gave out the figures of 6 to 5 in favor of the Wellsville sextet but sideline spectators who had been following the game closely, they claim, are positive in their declarations that the game ended in a tie.

"Where the difference in reckoning when a foul basket made by one of the Wellsville forwards in the last half was chalked up as a field basket."

"But the scorer stoutly maintained that the Wellsville maids had a one-point lead at the end of the game."

The result of the engagement was at first announced as a tie. Following this the Wellsville school authorities declared in favor of the Orange and Black. East Palestine spectators are firm in their opinions that the foul basket was miscounted. The result will be finally tabulated, unquestionably, as a 6-5 win for the local lassies on account of the fact that the official scorer's sheet proclaimed such when the final whistle was sounded.

Dr. J. S. Martin to Speak

Dr. James S. Martin, general superintendent of the National Reform Association, will give addresses in Wellsville churches Sunday December 28, it is announced. Dr. Martin will give a report of the recent world's citizenship Christian conference at Pittsburgh, Philadelphia and Portland, at the morning services in the First United Presbyterian church. He also will speak at the evening services at the First Christian church.

Christmas Program.

An elaborate program has been prepared for the annual Christmas entertainment to be given by the members of the Sunday school of the Zion Lutheran church, Thursday evening in the church auditorium. The services were previously announced for Wednesday but were postponed a day later. Recitations, readings and musical numbers will be given by the children. An offering will be taken for the benefit of the Lutheran orphanage at Zellenpole, Pa.

Gift For Mayor.

As a Christmas gift, the local police force have presented Mayor George B. Imbrie with a handsome silk shirt. The mayor, in turn, remembered each member of the force with a gift.

OLIVE THOMAS IN
AMERICAN FEATURE

How a pretty peasant girl wins and weds a young nobleman, loses him and then retrieves his love is delightfully portrayed by Olive Thomas, in her third Selznick Picture, "The Glorious Lady," at the American beginning Thursday.

The plot has for its pivotal thread a "point to point" race, the ancient classic of the English turf, when rich and poor, high and low, come together and mingle indiscriminately. For the occasion all class distinction is wiped away as nobility and peasantry rub elbows in an effort to carry off the racing honors of the day.

"The Glorious Lady" can be seen at the American theatre for two days beginning Thursday.

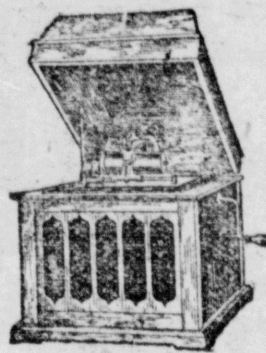

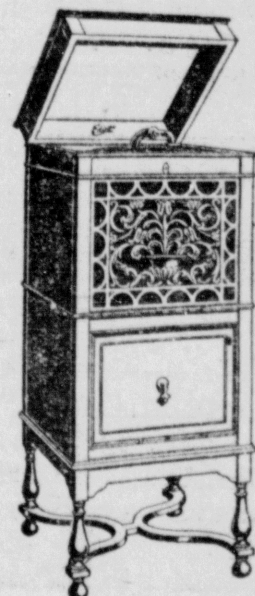

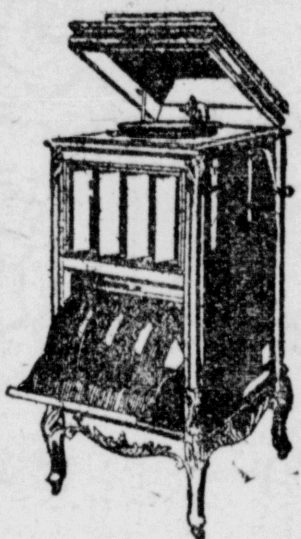

Getting It Straight.

"Does Cholly live on the avenue?"
"No. Cholly lives on his father, who lives on the avenue."

But Father Can't.

It has been our observation that when a holiday comes around everybody takes advantage of it except those who need it the most.

CREW'S FATE UNKNOWN

SAN FRANCISCO, Dec. 24. — The steam schooner Girle Mahoney is ashore about 100 miles north of this port. The fate of the crew had not been ascertained here by the marine exchange at an early hour this morning, although the vessel struck in the night.

The Girle Mahoney was San Francisco bound with a cargo of lumber. She ran aground a buoy off Albion, Cal., and broke her propeller. Her anchor would not hold and she drifted into the beach, says the report received here.

Must a Child
Be Pale?

Pallor, "Tired-outness" and Poor Appetite Almost Always Remedied by Pepto-Mangan.

It Builds Up the Blood and Thus Improves the Appetite and Strengthens the Body.

There is but one legitimate excuse for a pale, run-down, listless child, and that is some serious disease of one or more of the vital organs, which, of course, needs the prompt attention of a competent physician. Unless such condition exists, the weak, white youngster who takes no pleasure in romping or playing can be very materially helped by a course of that thoroughly dependable blood enricher and general tonic, Gude's Pepto-Mangan. This standard remedy for Anemia (Bloodlessness) has been continuously prescribed by physicians all over the world for nearly thirty years, to restore the weakened, watery blood to its normal condition, and thus improve appetite, add color to pale lips and cheeks and impart strength to the whole body. Gude's Pepto-Mangan can be had in both liquid and tablet form (no difference in its effect, the liquid, of course, being preferable for young children. When buying Pepto-Mangan, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

MERRY CHRISTMAS!

"Bah! Humbug!" was Old Scrooge's answer to his nephew's "Merry Christmas!" And "Bah! Humbug!" has been more prominent than usual in people's minds this year when Christmas joy is spoken of.

How could it be a Merry Christmas with so much trouble abroad in the world? How could it be a Merry Christmas with prices so high that heads of families must puzzle long over the purchase of necessities and give up in despair over the thought of the usual Christmas gifts? The coal strike was barely over in time to permit power for fuel, for light and warmth during the holidays. Other disturbances, quarrels, distrusts and doubts appeared on every hand. Indeed, mirth and generosity and love that dared show themselves in the midst of such misery and selfishness and suffering could only be humbug.

But go on to the end of the story. Old Scrooge found that HE was the humbug, after all. The fearful things the Spirit showed him in his dream were all things which can be avoided if every one does his part to rid the world of grief. The tragic future the Spirit revealed was only of things which might all be changed if there came first a change in the hearts of men. Joy there is, and merriment for those who will have it. Love and good-will, and even peace, for those who see beyond the edge of their discouragement and doubts and let the big things of life have a chance at them.

In the end Old Scrooge was shouting louder than any one else, and all sincerely and joyfully, "Merry Christmas! Whoop, halloo!"

A CHANCE FOR THE REDS.

Senator McKellar, of Tennessee, has a brilliant plan for dealing with current radicalism. He would please conservative folk by banishing the Reds, and at the same time give the latter the chance of their lives to work out their ideas.

His plan is to set aside a large, uninhabited island in the Philippines, and give the Reds free passage to it in government ships, and there lend them every encouragement to install their own social, economic and political system.

When Anarchists, Socialists, Bolsheviks, I. W. W.'s or other Red brands are criticised as visionary and impractical, explains Senator McKellar, they always explain that as society is at present constituted they do not have a fair chance—they cannot set their world-saving machinery in motion until present institutions are re-organized, and that is a big task.

The senator would make their task easier by giving them the opportunity to start at the bottom and evolve their own order of civilization unhindered. Then, he suggests, when they had got their system to working, its own intrinsic merits would make a way for it, and it would overflow easily and naturally to adjoining islands and continents, and so gradually develop and change the rest of the world.

Now, isn't that a generous and noble proposal? It would take time, of course, and persistent effort. It would be more work than making speeches or throwing bombs. It would mean construction instead of destruction. But all this is what the Reds have always said they really wanted. Here is their chance. What have they got to say about it?

THE TRUTHFUL ADVERTISER.

The following liner ad appeared in a big newspaper the other day exactly as here given except that the name of the machine has been changed:

"Have a lemon in a 4-40 Blank roadster; interesting only to somebody having time to tinker and wait for parts; make an offer; need the money."

The telephone number was given. That was all.

If anything more characteristically American has ever appeared in a paper anywhere it would be strange. And will the frank gentleman who has no time to tinker and who wears of waiting for parts sell his car on that ad? If America is America, he will. Some lad who is learning the automobile business will be only too glad to buy it to practice on, or some ambitious mechanic with a little cash will take it and joyfully tinker and fuss and eventually make it run like a watch.

The principle of "caveat emptor" is vanishing from the land. Co-operation takes the place of competition and exploitation. Moreover, the advertiser has given people a good laugh. Is he not therefore worthy? May his lemon turn to gold!

THE PROFESSORS' UNION.

It has come at last. "Highbrows" and "lowbrows"—meaning no disrespect to either class by this terminology—are joined as brethren. Extremes meet. The irreconcilable are reconciled. Academic culture and manual toil are wedded. College professors have entered the American Federation of Labor.

The so-called "Associate Teachers' Union" of New York City, the first society of this sort to join the Federation, was admitted just the other night, at the Labor Temple on East 84th street. It is nothing less than a local union composed of college professors and instructors. It was represented, at its induction into the Federation, by Profs. J. D. Frem and D. S. Stair of Columbia university.

The professors' union maintains that it has no intention of using the strike as a weapon. Otherwise, its aims seem to be about the same as those of other bodies composing the Federation. The strike, explains Prof. Stair, is "inexpedient for teachers," but it is only one of the methods used by organized labor. "We place our reliance," he says, "on the force of numbers and organization to educate public opinion."

If the affiliation will do the "profs" any good, who can criticize them for the move? They certainly need higher wages, and possibly shorter hours and better working conditions.

In the event this movement continues, the professorial craft may eventually be able to command as much compensation as shipwrights, plumbers, bricklayers or puddlers.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, Dec. 24.—Hardened must be the stomach which can drink coffee from dusk to dawn without being done in New York. Despite the fact that the Roosevelt family is establishing a chain of coffee houses in New York, a great deal of moral support must be given to the coffee house in the public eye.

The coffee house as a place of meeting in an Eastern European institution which has been domesticated on the East Side. It has already earned notoriety through the recent declaration of a Magistrate that men were as likely to stay away from their homes all night, over the cup of coffee as over the glass of strong waters.

A few months ago, before virtue had been thrust upon a bibulous and unprecedented island, the police hunted in saloons and dives for criminals but now they go direct to the coffee parlors where the blasé Manhattan crooks gather and drink coffee and eat pastry.

The coffee house is already in disrepute even as the rum parlor and before long the raiding axe may descend upon the loganberry lounge and the sarsaparilla saloon. Of course the Roosevelt family will make every effort to see that their coffee houses are the zenith of respectability.

They will try to make them the haunt of literary and artistic circles and for the debutante and young man whose papas are rich. The coffee house as a rendezvous for criminals merely goes to further the idea that eventually the police will have to try to curb wicked and dissolute men rather than destroy in succession the places where they assemble.

New York has many shifting circles of intellectual and other leanings. But once settled in a congenial coffee house, they may be driven away by the intrusion of errant sight-seers and crooks just when the reputation of the place becomes profitable.

The highest flights of the movie writer's fancy are exceeded by the "episode" staged in real life in the upper west side in broad daylight the other day. A poultry dealer, with \$40,000 in a bag, was held up just as he had entered his automobile to go to his place of business, his bag with its contents was taken away from him at the points of real revolvers and the bandits were whisked away—bandits are always whisked—in a thrice and there are you are. Dull provincial minds like mine are amazed that a poultry dealer could have \$40,000. The poultry dealers I used to know lived across the creek and cut their own hair.

"Wine, women and song," complains a comedian in a Broadway show "have been changed to 'Near-beer chicken and jazz.' And many true words are spoken in jest.

The Bronx has a real cabaret artist—a rival of the noted Charley Sisters so rotten they were good. The imitable jazz vocalist of the Bronx is known as The Great Ginzburg, America's Sweetest Singer. He is often stopped in the middle of a song with a request for the loan of his ears for use as mudguards on a patron's flivver.

It is not unusual for The Great Ginzburg to be interrupted also by the noise of huge cuspidors being rolled down the staircase which ends near the platform on which he impersonates the world stars, for the waiters at the cabaret where Ginzburg holds forth pull a lot of rough stuff.

A fog horn on a North River ferry is musical compared with Ginzburg's voice and until you hear him sing "Kisses" you have missed much. The other night a patron took Ginzburg out to lunch after the show and he searched for fish bones in the asparagus. That is the kind of a guy he is. But the Bronx loves him.

CITY IN GRIP OF HEAVY FOG

East Liverpool Tuesday was in the grip of a heavy fog and smoke mantle.

The fog, which first made its appearance along the Ohio valley Saturday, begins to settle over the city after midnight and continues unbroken until noon. Smoke from local factories and private dwellings, apparently unable to penetrate the heavy mantle, adds to the thickness of the atmosphere.

Light wind velocity is given as the cause for the protracted stay of the fog-smoke pall. A 10 to 12-mile wind would stir the fog and cause it to lift, weather authorities declare. The hanging fog is not local, but extends all along the upper Ohio valley.

Inhaling the smoke-laden air is followed by a "raw" sensation in the throat and nostrils. While supposed unhealthy, health records here do not show any increase in pneumonia or kindred ailments.

Because of the heavy passenger and express traffic, several of the trains over the division have been running behind schedule.

The literary program of the high school was held Monday afternoon. The high school students entertained at a Christmas party in the high school building Monday evening.

Schools will re-open on Monday, January 5.

We have money to loan on the Community Plan. The Community Bank.

WEDNESDAY IS LAST NIGHT OF BAZAAR

Wednesday is the last night of the "old fashioned country fair and bazaar" being held on the third floor of the Aaron building, Fifth and Washington streets.

There was a large crowd in attendance Tuesday evening. There were nine different booths in operation at the affair on in first evening, the turkey shoots and other attractions at which Christmas dinner fowls were offered, drawing large numbers.

Many of the young people who were present at the bazaar on the first night took advantage of the dance being staged. One-half of the big floor has been roped off for the use of dancing.

Thrift stamps totaling \$7.25 were purchased by the Newell school children this week, Supt. Osborn announced Tuesday. Of this amount \$4.75 was purchased by pupils of the second grade. The sales reported in the other rooms were as follows: Third grade 50 cents; fourth grade, \$1.50; fifth grade, 50 cents.

"JUST AN IDLE DREAM"

HAPGOOD IS COMING, BUT WASN'T CALLED

Norman Hapgood.

Norman Hapgood, United States minister to Denmark, is on his way to this country on leave of absence. It is announced by the state department. This contradicts statements by Col. George Harvey in the current issue of Harvey's Weekly. Colonel Harvey writes in part:

"Mr. Norman Hapgood is coming home, but not primarily, as it has been stated, to report on the 'Russian situation.' He is coming to explain, if he can do so, his own activities as a plenipotentiary of Messrs. Lenin and Trotsky and to tell to what extent and by what authority he has misused the American legation at Copenhagen as a trading post for the soviet government. Mr. Hapgood may not know this, but the president knows it and Secretary Lansing knows it."

Newell Funeral

Funeral services for Miss Carrie Newell, who died Saturday night following an illness of pneumonia, were held at 2 o'clock, Tuesday afternoon, Rev. Hermann Hosack, pastor of the First Presbyterian church of Newell officiating. Interment was made in Riverview cemetery.

HAVE YOU SCROFULA?

Now Said to Be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial. If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

DELICACIES IN SEASON FOR XMAS DINNERS.

The Christmas dinner tables of Newell families will fairly break under the weight of many commodities, which are being offered in the local markets this week.

Local dealers report that turkeys are practically as plentiful for Christmas as they were for Thanksgiving. Many families will feast on chicken, ducks and rabbits.

Turkeys, this year, are quoted at 60 cents per pound, dressed, cranberries, of which there is an abundance, are selling for 20 cents per pound, while squash, for pie, is retailing for five cents a pound. In addition to this the markets are well stocked with large supplies of green produce, nuts, oranges and other fruits.

One local store has orders for nearly 150 Christmas trees, which this year range in price from 35 cents to \$4 each. Holly sells for 15 cents a pound while holly wreaths are 20 cents each.

OLD AGE DEFERRED

"A woman is as old as she looks, and a man is as old as he feels," is a familiar saying that is full of meaning nowadays. Women of all ages dress young, and men are active as long as strength and vitality will permit; but when vitality gets low and elderly people lack energy there is nothing that will increase the appetite, promote sleep, vim and vitality so surely and quickly as Vinol, the cod liver and iron tonic without oil—in fact, most druggists have such confidence in it that they sell it on a guarantee.

CHRISTMAS HOURS AT POST OFFICE

Postmaster H. A. Turk Wednesday announced that the local postoffice will be open for the sale of stamps and the distribution of mail between 9:30 and 10:30 a. m. only on Christmas day. The money order, registry and savings departments will be open for the entire day.

No mail will be received or dispatched from the local postoffice for the entire day.

The Christmas mail at the local postoffice has been very heavy this year, the postmaster stated. Monday, Tuesday and Wednesday of this week were the busiest days of the year, with regard to both the incoming and outgoing mails.

"JUST AN IDLE DREAM"

"BEATS 'EM ALL"
DECLARES THIS
CHILLICOTHE MAN

Says he had catarrh of the Head very bad, also Rheumatism of the Joints and muscles and a lazy liver.

Of all the medicine he has taken Drecto has done him more good than all the others combined.

"This new medicine Drecto beats all that I ever took, and I've taken lots of them, seeking relief from a bad case of catarrh and rheumatism," said Mr. Albert Watson of 46 East 5th street, Chillicothe, O., who is a highly trusted employe of the Mead Pulp and Paper Co.

"My catarrh was so bad that every morning found my head stopped up and it took hours to get it clear; I had singing noises in my ears and I was afraid I was going deaf; it kept me hawking, spitting and clearing my throat all the time. Of course some of this mucus was bound to get to my stomach and finally that organ went to pieces so that I could not eat anything hardly without it causing me lots of pain and filling me with sour gas. My liver was lazy which gave me dizzy spells; saw spots dancing before my eyes and my breath was foul; I got very nervous and couldn't sleep."

"That's how I was when I started to take Drecto and look at me now; why I'm over all my troubles and feeling fine. My head is clear as a bell—no noises any more; the dripping has ceased so that the hawking is ended. I sleep well and my stomach takes care of everything I eat. I can't say enough in praise of Drecto."

Drecto is not an experiment. It is a safe, harmless combination of natural extracts and contains no dangerous minerals, acids or salts. It is Nature's medicine and can be taken with safety into the most delicate system. Drecto is inexpensive and is dispensed by modern drug stores almost everywhere.

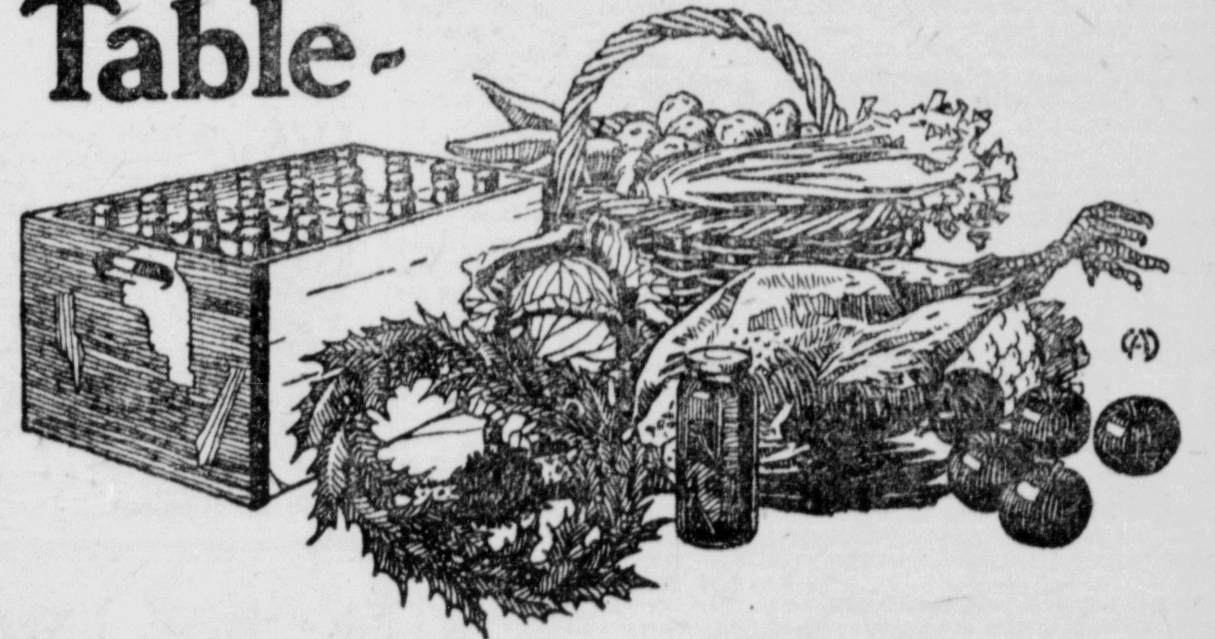

Drecto is sold by all good druggists and is highly recommended in East Liverpool by Flick's drug store, Fifth and Market streets.

RECOVER BOAT FROM GYPSIES

Two members of the Wheeling police department were in Chester this week rounding up a party of gypsies, two members of which were alleged to have stolen a silk dress and a valuable gold bracelet from a Wheeling woman, while they were encamped on the outskirts of the Smoky City.

The gypsies, who are camping just outside of Chester, were located by the officers and upon the threat of arrest, the two suspects, who gave the names of Mary and Anna Stanley, returned the stolen goods. The pair was not taken into custody, the officers returning to Wheeling immediately.

According to the Wheeling woman, who was the victim of the two gypsies, who represented themselves to be fortune tellers, the dress and bracelet were given them for the "powerful spell" which they promised to cast over her. The valuables were to be returned to her when the "spell" was broken.

A day or two later the Wheeling police gave the gypsies orders to "move on" and it was not until then that the woman decided that she had been victimized by the two visitors.

The institute this year, according to Mr. Hibbs, was one of the most successful from all viewpoints ever held in Hancock county. The addresses of the agricultural, crop and stock experts, in connection with the affair, were interesting as well as instructive.

Plans are under way for another institute which will be held next year. Two days will probably be utilized in connection with the next affair.

ACCEPTS CALL TO CAMBRIDGE CHURCH

Rev. Paul J. Reynolds, who recently tendered his resignation as pastor of the First United Presbyterian church, has accepted a call to the First Presbyterian church at Cambridge, Mass., according to an announcement made Tuesday following the return of Rev. Mr. Reynolds to Chester.

Two calls have been extended to Rev. Mr. Reynolds, the other being from a church in New York city. He will assume charge of his new pulpit shortly after the first of the year.

Rev. and Mrs. Reynolds have been absent from the city for nearly two months. While Rev. Mr. Reynolds was visiting in Massachusetts, Mrs. Reynolds was the guest of relatives at Port Henry, N. Y.

Rev. Mr. Reynolds will preach his farewell sermon to the congregation of the local United Presbyterian church next Sunday.

MOTHER CLAIMS ALLISON BOY WAS KIDNAPED

The Chester police have been asked to assist in locating Henry Allison, six-year-old son of Mrs. Lorena Allison of Church street, whom the mother claims was kidnaped from her home late Monday evening by relatives. Although a thorough search of the city has been made, no trace of the lad had been found up to Wednesday.

According to Mrs. Allison, the lad is believed to have been taken to New York by her mother, whom she had been having troubles with during the past two weeks. Mrs. Mary Sterling, mother of Mrs. Allison, left the latter's home Monday evening and about the same time the lad disappeared.

The authorities have advised Mrs. Allison to withhold further action for a few days, believing the child will be returned to his home. The mother, however, believes that the child has been stolen and will not be returned unless the authorities take a hand in the matter.

Display Silk Flag.

A large silk flag, which was recently purchased by Jesse Burge Post No. 222, Veterans of Foreign Wars, has just been placed on display in the window of the Chester Hardware store, Virginia avenue, between First and Second streets.

Honor Guests.

Honoring Mr. and Mrs. Patrick Dalridge, house guests of Mr. and Mrs. Charles Martin, a number of friends were entertained Tuesday evening by Mr. and Mrs. Wilfred Mercer at their home on Indiana avenue. The evening was spent in a social manner. A luncheon was served by the hostess.

"JUST AN IDLE DREAM"

J. VAN SICKLE'S FRIEND DID HIM A GREAT SERVICE

By Recommending Nerv-Worth for the Benefits Derived Were Simply Wonderful.

This late contribution to Nerv-Worth fame, given to Uniontown's Nerv-Worth druggist forms one of the most remarkable tributes ever paid to a medicine.

Wade H. Guyton—I have been in poor health for a long time. Sleepless and restless at night and when I did a day's work would feel weak and almost exhausted. My reduction in weight had become alarming. I was almost discouraged with my failure to regain my former strength and vigor when the merits of Nerv-Worth were brought to my attention by a friend.

I immediately purchased a bottle and in a few days began to improve. I have now taken three bottles and the change that this wonderful medicine has made in me is beyond words of expression. I work at the very hardest kind of work now every day and eat and sleep like I never even hoped to again. And my present condition I credit absolutely to Nerv-Worth.

A Wide Margin of Safety

A MAN about to hire a chauffeur asked each applicant how near he could drive to the edge of a precipice.

One said a foot, another said six inches, a third said two inches. But the fourth said, "I keep just as far away from a precipice as I can." He was hired.

The wise property owner, like the careful chauffeur, prefers a wide margin of safety. He insures his possessions to the limit and then takes every precaution against fire.

XMAS RED CROSS SEAL SALES HIT \$200 MARK

The total sales of Red Cross Christmas seals—the proceeds of which are to be used in combating the further spread of tuberculosis—is approximately \$200, according to an announcement issued Wednesday morning by Mrs. R. B. Rutledge, chairman of the Chester Women's club committee, which organization is directing the campaign here this year.

Chester school children in their house-to-house canvass, a short time ago, disposed of about \$50 worth of the stamps, Mrs. Rutledge stated. The

report of the school children's canvass has just been received by the committee. The children in the room taught by Miss Alma Taylor carried off the honors, selling \$12 worth of the adhesives. Miss Phillips' room captured second honors with \$11.32 worth of the stamps having been disposed of, while pupils in Miss Wallace's room collected \$7.25 in their work.

The sales in Chester will be continued until the first of the year, Mrs. Rutledge announced. They can be purchased at the drug stores and other business houses about the city. The sales record in Chester this year far exceeds those of previous years, as the high mark up to this time was \$134.

COLLEGIANS BOOKED TO BATTLE "Y" CHRISTMAS NIGHT

FORMER SCHOOL STARS SIGNED

Athletes From Yale, Denison, University of Pennsylvania, Mount Union, and Carnegie Tech Will Be in Lineup.

East Liverpool's college and ex-college athletes will assemble Christmas night at the Y. M. C. A. in basketball raiment to do battle with Bill Watkins' speedy "Y" tossers. The game has been definitely decided upon and will furnish followers of the sport here with plenty of excitement with which to digest their Christmas day dinners.

College athletes from three different states have been signed up so far to go against the "Y" tossers, according to an announcement by Assistant Manager Nathan Roush. Connecticut, Pennsylvania and Ohio colleges will furnish enough material, in the opinion of promoters of the game, to make the engagement quite interesting for the local team.

From Yale college, at New Haven, Conn., comes Ronald "Dunk" Smith. Chester Smith's playing while with the high school team here several years ago. In 1915 and 1916, is enough in itself to win for him a berth on the Collegians' roster for the coming game. Smith has kept in condition since his departure from high school by athletics at Mercersburg academy and Y. M. C. A. events. While in high school he played as forward with Howard "Runt" Smith, and also played center when "Sandy" Fess was here. He was unapproachable at both positions while performing in high school circles in this part of the state.

STUB TOSSERS BOW TO DEFEAT

East Liverpool high school athletes, both girls and boys, took both ends of a double bill from the Steubenville teams on the local floor Tuesday evening. The boys won, 32-20. The girls were victors by a 29-18 score.

It was considered a highly successful inauguration of the basketball season in East Liverpool. It was the opener for the Watkins' passers, who showed top form against the Jefferson county teams. The girls maintained their unblemished record by taking their fourth consecutive victory.

The locals led their opponents the majority of the distance, but at times were crowded by the Steubenville lads. Buxton started for the blue and white with seven field goals and a generally good all-around performance. Brown started at forward for the locals instead of taking his usual place at center. Bromby, a new candidate this season, jumped center against the Stubbers.

Watkins, as usual, was the best individual performer for the visitors. The youngster scored two field goals and had eight successful tries from the foul line.

In the preliminary the girls found

FIVE BOUTS IN ATHLETIC SHOW AT WELLSVILLE

Under the auspices of Tom McDonough of Wellsville, a five-event boxing show will be staged Monday evening, Dec. 23, in the auditorium at the Home Loan building, between Fifth and Sixth streets, in Main street, Wellsville. It was announced Wednesday.

The bouts will bring together some of the best talent in East Liverpool and Wellsville. The main attraction will feature Harry Heckathorne of East Liverpool, pitted against Kid Heckman, at 160 pounds. The middle weights will go six rounds.

In the semi-final Kid Stoddard of East Liverpool will go four rounds with Sam Mason of Wellsville. Stoddard will find a tough opponent in the young colored boxer. This bout will be one of the features of the program. Mickey McVay of East Liverpool, at

Ernest Bucher, ex-Denison college star, who is playing with the "Y" team this season, can be relied on, as always, to give a good account of himself. Bucher left Denison last year and has been employed with a local manufacturing company.

Nathan Allen will, without a doubt, be assigned a regular guard position on the Collegian quintet. Allen is one of the best guards turned out by the blue and white in many years. At the present time Allen is a student at Carnegie Tech, Pittsburgh. He is now working out with the varsity five there and is still staying with the squad after the elimination of many hopeful candidates. He has worked with the Tech five on several different occasions during the past few weeks and present indications are that he will land a berth.

Chester Smith's Ronald's brother, a student at the New York military academy, will also be in uniform. Young Smith has taken part extensively in athletics since he entered the New York institution and will likely get into the game as a forward against the "Y."

George Kidder will return from Denison college for the holidays for this game and will likely have an opportunity to work at guard.

Jake Allen and Todd are the remaining two members of the Collegians. Allen and Todd are both guards. Allen is attending the University of Pennsylvania, while Todd is an ex-Mount Union student. The game is scheduled to start at 8:15 o'clock.

In the preliminary George Furnival's Indians and the undefeated Pirates, of the senior league, will clash. This game promises to draw a crowd itself, as neither the Indians nor the Pirates have tasted defeat this far in the course of the league.

GIANTS NOSE OUT RED SOX IN FAST GAME

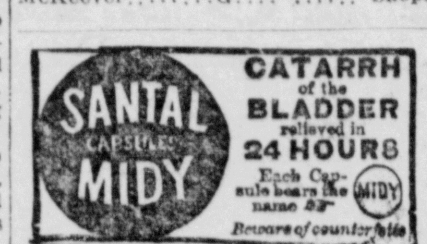

Minus several of their regulars, the Giants, in the Senior league at the "Y," played winning basketball Tuesday night and pulled themselves from the cellar door. They defeated the Red Sox, 36-30, in one of the best contests staged in the league so far, thereby leaving the Sox clinging to the bottom rung of the league ladder.

The game was a surprise in many ways. The Red Sox totally outclassed their opponents in the first half, leading 17 to 11 when the whistle blew. Then the Red Sox, for some reason or other, apparently allowed themselves to become lax in the second installment and the Giants, with a burst of speed, crowded in ahead, and were valiantly holding a six-point lead when the game was called.

It was the first victory for the Giants and the third consecutive defeat for the Sox. The Red Sox have been without several of their best players during the last two games and have been handicapped consequently in their operations to some extent. The Giants also were minus a regular center and guard, but were unable to put in fresh material in the second half which gave them a little advantage.

On Thursday evening, as a preliminary to the "Y" Collegians game the Indians and the Pirates, both undefeated, will clash to determine the league leadership. On Friday night the Indians will go against the Giants, completing this week's card.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist, who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's real—no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

DECOIN READY TO GIVE DEMPSEY \$250,000 PURSE

PARIS, Dec. 24.—Jack Dempsey demands \$250,000 to come to France to fight Carpentier. M. Decoin, manager of the Wonderland Sporting club of Paris, announces that he will pay the price.

In reply to a cablegram from Jack Kearns, Dempsey's manager, asking for this amount, M. Decoin wired that he was ready to guarantee him a quarter of a million dollars, and wished to know what percentage was desired.

If he receives a satisfactory answer he will leave for Los Angeles immediately to close the contract.

PICK LEONARD TO BEAT DUNDEE

Champion Will Defend His Title in Decision Bout in 20-Round Bout at New Haven on January 16.

By JACK VEOICK.
NEW YORK, Dec. 24.—Benny Leonard will defend his title in a decision bout for the second time since he dethroned Freddie Welsh when he meets Johnny Dundee at New Haven on January 16.

Leonard and Dundee have been signed by Vincent Reina to box twenty rounds to a decision on that date. Unless there is a knockout the referee and two judges will render a decision at the close of the bout. The lightweight champion recently met Jimmy Duffy, the Lockport boy, at Tulsa, Okla., in a bout to a decision, and scored a knockout over Duffy in two rounds.

Dundee has long been Leonard's most persistent rival. The "Scotch Wop" as Johnny is popular known, has always been a big card, and they have staged many encounters which furnished the spectators with their money's worth of thrills. But never before has Dundee been given the chance to win the title in his class without scoring a knockout, and it goes without saying that he will put everything he possesses into his battle with the champion.

Leonard's recent and sensational two-round knockout of Mel Coogan, the Brooklyn entry in present-day lightweight circles of the first calling proves beyond a doubt that Benny is still there with the punch that wore Freddie Welsh down in nine rounds. Benny jumped into immediate popularity when he defeated Welsh and for some months after he first won the title he demonstrated consistently that his punch was deadly. His knockout of Champion Johnny Kilbane, the dictator of the featherweight division, was perhaps his most notable performance.

YANKEE OWNERS SCORE.

NEW YORK, Dec. 24.—Colonels Rupert and Huston, owners of the Yankees have today scored another legal advance in their factional fight against Ban Johnson. The New York magnates have secured a court order directing the commission to question officials of the Cleveland club regarding the alleged stockholdings of Ban Johnson. The order applies to James C. Dunn, president; Walter McNichols, secretary, and E. S. Barnard, business manager.

HAPPY NEW YEAR FOR J. DEMPSEY

By JACK VEOICK.
NEW YORK, Dec. 24.—Jack Dempsey may well look forward to a happy and prosperous New Year.

The champion's prospects for 1920 are golden, to say the least, for while he is spending his time profitably posing for the movies, offers for a battle with Georges Carpentier for the world's championship continue to pile up.

Out of a veritable avalanche of offers from promoters in various parts of the world, the least of which is a record-breaker in the matter of pugilistic purses, there are a few that stand out today as well worth the champion's serious consideration.

The enthusiasm shown by foreign promoters has had its effect on promoters on this side of the water.

The most attractive bids by American promoters have been registered by James W. Coffroth, who is ready to hang up a purse of \$300,000 for the bout at Tia Juana, Mexico; Domineck Tortorich, who offers \$200,000 for the fistful plum of the age at New Orleans, and Col. Miller, of Oklahoma, who is in the field with a \$300,000 offer. Other American promoters have also made tempting bids.

Charles Cochran, of London, is willing to give \$300,000 for the fight in England, and Booker and Mitchell, English promoters, have offered \$250,000 for it in either France or England. M. De Coin, Paris, offers \$250,000 to Dempsey alone to meet Carpentier in France, while Prince Murat and the Duke De Cases are waiting to outbid the highest bidder.

STEPHENS Salient Six

THOROUGHbred lines and snappy performance make the Stephens favorite of men and women of the great outdoors. The zest and fire of Stephens response convey the same thrill of satisfaction as when they "sink a long put."

The racy lines that carry such appeal to the ardent motorist are secured in the Stephens Salient Six by combining a high, narrow radiator and gracefully tapering cowl with a long, low graceful body. The body sides are fashionably low, allowing the occupants to recline gracefully in exceeding comfort.

The finish of the car is in harmony with its ultra-smart exterior. Appointments include many things that the fastidious will appreciate. In the right hand front door is concealed a touring kit while in the left front door is placed a complete tool kit.

The new "80 Series" is now ready for inspection and demonstration.
